Ebara is answering your questions~

Now then let's answer some questions!

Q1. Are the Peach-Pit authors boys or girls?
A1. Um... um... we're girls. According to biology anyway... both of us.

Q2. How do you make a manga with only 2 of you?
A2. Banri-san makes the dialogue, and we both draw the pictures.
Ebara Shibuko draws Amu, Nadeshiko, Yaya, Ami, and the Guardian Characters.
Serdou Banri draws Tadase, Ikuto, Utau, and Kuukai.

I wonder if they understand the situation...?

WE HAVE MAKA TEA AND SCONES TODAY.
COME NOW... DON'T BE SO TENSE.
YAY! I LOVE NADESHIKO'S SCONES
FIDGET

Q3. I want to be a manga artist in the future. What should I do?
A3. Well... If you really love it, it's only natural that you would draw it. But drawing isn't the only part of manga, you need a lot of experiences like playing with your friends, dating, and studying. It's good to be young...

Q4. Which one of you is the slow one and which one is the leader?
A4. Umm... I wonder... Ebara is the slow one, Banri-san is probably... the leader...?

That's all for this time. See you in volume 2~

THE OWNER WILL SUFFER.

THE JOKER'S JOB IS TO FIND AND SEAL AWAY X EGGS AND TO CAPTURE X CHARACTERS.

Well this was quite an adventure. Only took three sittings to do this (editing, editing, then QC), it just so happens those sittings were a month apart each. Well its finally done, and man do I want to see more Nadeshiko/Utau. By the way it looks, we'll likely do tankoubon scans only now instead of the old magazine ones. It's way too much trouble on my part to deal with those >.<. I hope ya all enjoyed this. Keep on reading and support the mobots!
